

MSC VIRTUOSA – CRUISE SHIP DESCRIPTION

MSC Virtuosa's namesake comes from the word virtuoso, meaning someone highly skilled in any field of activity, and so MSC Virtuosa was named to pay homage to the skill and expertise of the MSC Cruises architects and shipyard partners at Les Chantiers de l'Atlantique who designed and built this innovative class of ships. This new cruise ship is one of the two largest in MSC Cruises' fleet, along with her sister ship MSC Grandiosa, boasting an impressive array of guest features all coming together in perfect harmony to deliver the ultimate cruise vacation experience.

DINING AND REFRESHMENTS

MSC Virtuosa offers an unprecedented variety of options for dining, formal or casual. Most world cuisines are present in the ship's restaurants – from the French and Italian cuisine, across the grill and steakhouse culture, always favorite Mexican hits, to the oriental and Japanese specialties.

In addition to the many restaurants, the ship also has a significant number of bars and lounges that offer many options for food and drink.
